PROJECTS

Woof & Whiskers | <https://github.com/felixc0115/woof-whiskers>

- Designed, developed, and implemented a full-stack web app aimed to match adoptable pets with interested users.
- Created a front end built in React with MUI and Redux for state management.
- Developed a REST API using Django that communicates with the front end and retrieves data from a PostgreSQL database.

Train Together | <https://github.com/felixc0115/train-together>

- Designed, developed, and implemented a full-stack app for users to upload, manage, and track training programs resulting in a reduction in overall exercise preparation and workout time.
- Created a front end built in React with Tailwind and Redux for state management.
- Developed a REST API using Node.js with Express.js framework that communicates with the front end and retrieves data from MongoDB using Mongoose ODM.

Miss Vietnam Florida | <https://missvietnamflorida.com/>

- Collaborated with a developer to build a modern and responsive website using best practices for potential Miss Vietnam Florida pageant applicants.

EXPERIENCE

Web Developer and Founder | Felix Chen Consulting | Atlanta, GA | June 2022 - Present

- Create websites for different clients across different industries. Clients include Miss Vietnam Florida and Brenda C Photography.

Senior Consultant | Coker Group | Atlanta, GA | April 2021 - Present

- Assisted a private equity firm in a reasonableness assessment of specified physician practice acquisitions totaling \$100M in purchase price resulting in a successful outcome to a government inquiry.
- Led various projects comprising business valuation, transaction due diligence, and ad-hoc financial modeling within the healthcare industry.
- Mentor associate consultants in various projects ranging from business valuation to physician compensation valuation

Associate Consultant | Coker Group | Atlanta, GA | February 2019 - March 2021

- Assisted in various projects comprising business valuation, transaction due diligence, and transaction services within the healthcare industry.

Experienced Assurance Associate | PriceWaterhouseCoopers | Atlanta, GA | October 2017 - January 2019

- Responsible for the oversight of a Goldman Sachs JV student housing fund audit and single multi-family property audit resulting in greater project profitability for the firm.
- Collaborated closely with upper-level management, such as the director of financial reporting and the controller, in various public and non-public companies.

Assurance Intern | PriceWaterhouseCoopers | Atlanta, GA | January 2016 - March 2016

- Assisted in the financial statement audits of various public and private entities, predominantly performing controls and revenue testing.
